Bulkmatic | Frontend Developer

Oct 2023 - Present

Skills Used - React Js , JavaScript , Node Js , Rest Api , MySql , Html , Css

This is a Logistics Project for our clients to optimize their supply chain operations and improve efficiency. The project aimed to streamline warehouse operations, reduce delivery time, and minimize, transportation costs while ensuring on-time order fulfillment. Implemented a comprehensive scheduling system that optimized driver assignments based on their location, expertise, and availability. This ensured that drivers were allocated to routes that minimized travel time and maximized job completion.
